

## Undergraduate Education Advisory Committee

- Provide advice and recommendations regarding undergraduate education in Texas
- 24 members:
  - most from public universities, public community colleges
  - representation from private institutions and public health-related institutions
  - one student member
- Regular meetings at least twice per year

## Texas Core Curriculum

- Past discussions:
  - Appropriate characteristics of general education courses
  - Transferability of general education courses
  - Assessment and reporting related to general education
- Future work:
  - Continued discussion of general education course characteristics
  - Sharing best practices for general education assessment
  - Discussion of the “Component Area Option,” part of the core curriculum requirements that is flexible and utilized differently across institutions

## *60x30TX*

- Past discussions:
  - Transitioning from *Closing the Gaps* to *60x30TX*
    - College readiness
    - Support for at-risk students
    - Inclusivity across all student groups
    - Advising
    - Marketable Skills goal
- Future work:
  - Share best practices related to student pathways
  - Continued discussion on implementation of the Marketable Skills goal
